Other options

Username/Email

Sign Up

Under 'Other Options', click the 'Sign Up' button.

Account Information

You can also create a Dataverse account with one of our other log in options.

Email *

Affiliation *

Username * Create a valid username of 2 to 60 characters in length containing letters (a-Z), numbers (0-9), dashes (-), underscores (_), and periods (.).

Password * Your password must contain:

- At least 6 characters (passwords of at least 20 characters are exempt from all other requirements)
- At least 1 character from each of the following types: letter, numeral

You'll be brought to the Account page where you will need to enter in information, like your name and password.

You can also create a Dataverse account with one of our other log in options.

Email *

Affiliation *

When you enter your @carleton.ca, the 'Affiliation' will automatically insert Carleton University into the field.

General Terms of Use *

Scholars Portal Dataverse Network Account Terms of Use

Acceptance of Terms
The following terms and conditions govern all use of the Scholars Portal Dataverse website (the Site) and the services available on or at the Site (taken together, the Service). The Service is operated by the Ontario Council of University Libraries (OCUL). The Service is offered subject to acceptance without modification of all of the terms and conditions contained herein (the Terms of Use) and all other operating rules, policies and procedures that may be published from time to time on this Site by OCUL.

The Service is available only to individuals who are at least 13 years old or possess legal parental or guardian consent. If

I have read and accept the Dataverse General Terms of Use as outlined above.

I have read and accept the Dataverse General Terms of Use as outlined above.

At the end of the page, read the 'Terms of Use' and click that you have read and accept the terms.

Create Account

When everything is filled in and you have accepted the terms, click the 'Create Account' button.

You should now be brought into the Carleton University Dataverse where you can deposit your Dataset into the MacOdrum Library Dataverse or create your own Dataverse.

Contact Share Edit

The Carleton University Dataverse is a research data repository for our faculty, students, and staff. Files are held in a secure environment on Canadian servers. The platform makes it possible for researchers to deposit data, create appropriate metadata, and version documents as they work. Researchers can choose to make content available publicly, to specific individuals, or to keep it locked. **To manage and preserve your research data, please contact us at: dataservices@carleton.ca.**
